To: Distribution
From: Alexander Holtzman
Subject: ADDITIVES

Date: October 15, 1982

Mr. Temko of Covington & Burling has now revised the background paper which TI or industry members may use in answering inquiries about the additives list prepared for HHS as well as the statement which C & B will provide to HHS explaining what types of ingredients are included and excluded from the list. These papers and an explanatory memo from Mr. Temko are attached for your information.
